ABOUT CIOSH

Established in 1966, the China International Occupational Safety & Health Goods Expo (CIOSH) has developed into the country's foremost platform for protective equipment and safety technology, serving critical sectors such as construction, chemicals, metallurgy, mining, and energy. With six decades of expertise, CIOSH stands as a key driver of innovation and advancement in China's occupational safety and health industry.

Driven by Industry 4.0 and sustainability, occupational safety and health has become an integral part of corporate competitiveness. As regulations tighten and technology advances, workplace safety is evolving from passive protection towards proactive risk prevention and intelligent solutions. CIOSH covers the broad spectrum of workplace safety, from personal protective equipment (PPE) and occupational health to integrated safety solutions. Through dedicated zones and programmes, the exhibition addresses emerging trends in inherent safety, digitalisation and human–machine collaboration, supporting companies in developing more effective safety systems.

Visitors by Origin

Top 5 Overseas Visitor Countries

Business Sector

45.40%	Personal Protective Equipment (PPE) End-User Company
23.06%	Trading company / Distributor / Retailer
17.56%	Personal Protective Equipment (PPE) Manufacturer
3.17%	Government / Association
2.58%	Institution / Laboratory
1.84%	Testing, Inspection and Certification / Media / Service

MAIN EXHIBIT CATEGORIES

Safety at Work

- Personal Protective Equipment (PPE)
- Corporate Wear & Workwear
- Fabrics, Accessories and Components
- PPE Manufacturing Equipment
- Certification

Security at Work

- Aerial Work Protection and Fall Protection Equipment
- Fire Protection and Rescue Equipment
- Monitoring, Surveillance Equipment & System
- Exoskeletons & Exosuits
- Management of Hazardous Substances

Health at Work

- Occupational Health Management and Prevention
- Workstation Architecture and Ergonomy
- Detectors in Workplace
- Hygiene and Sanitary Supplies

TARGET VISITORS

- Specialized Buyers / Wholesalers / Distributors / Agents/ OEM Buyers
- Offline and Online Retail Channels / E-commerce Platform
- Procurement and Safety Management Departments of Manufacturing, Energy and End-users
- Corporate Safety Managers / Safety Engineers / HSE Departments
- Local Safety Supervision Departments / Emergency Management Departments
- Local and Corporate Fire Departments / Fire & Rescue Services
- Trade Associations / Industrial Parks / Testing & Certification Bodies

HIGHLIGHTS

EHS Zone & EHS Forum : Building a Systematic Safety Loop

PPE provides a critical line of defence for workers, while workplace safety solutions focus on identifying risks at source and preventing incidents before they occur. Together, they drive a shift from passive protection to proactive risk prevention. CIOSH is continually expanding its range of exhibits, showcasing integrated solutions that help companies strengthen risk management and build safer workplaces.

EHS Zone

The new EHS Zone responds to evolving industry needs, bringing together innovative safety solutions and technologies alongside the EHS Forum to help exhibitors showcase their expertise and connect with qualified buyers.

Exhibits

- Noise Reduction
- Smart Security & Safety
- Storage & Transport of Hazardous Materials
- Monitoring, Testing & Inspection Equipment
- Consulting, Training & Certification Services

Benefits

- Adjacent to the EHS Forum, enabling a one-stop experience for learning and sourcing.
- A comprehensive showcase of integrated safety solutions to meet diverse corporate procurement needs.
- CIOSH's high-visibility marketing matrix helps exhibitors strengthen brand exposure and industry influence.

EHS Forum: China Work Safety and Corporate Sustainability Forum

The inaugural forum brought together government and industry experts for 20+ sessions covering regulations, technology, safety culture and industry practice. The second edition will explore AI and digitalisation, EHS & ESG integration, and emerging safety risks, with enhanced opportunities for business exchange and matchmaking around workplace safety and sustainable development.

Key Trends

- AI & Digitalisation
- Mental Health & Psychosocial Risks
- EHS & ESG Integration
- Regulation & Compliance
- People & Safety Culture
- Emerging Risks

FEATURED ZONES

Fall Protection Zone

CIOSH will once again feature the Fall Protection Zone, showcasing comprehensive solutions for work at height in sectors such as construction, energy and telecommunications. Covering prevention, response and rescue, the zone provides a dedicated platform for sourcing reliable and compliant fall protection equipment.

- Harnesses
- Connectors
- Anchors
- Safety Nets
- Descent & Rescue Devices
- Fall Protection Systems
- Aerial Work Platforms
- Scaffolding & Access Equipment
- Equipment for Work at Height

EXO Park

Exoskeleton technology supports human–machine collaboration and safer, more efficient work in physically demanding environments. EXO Park showcases applications across construction, automotive manufacturing, logistics and emergency rescue, featuring wearable technologies that reduce physical strain, help prevent work-related injuries and enhance workplace safety.

- Exoskeletons & Exosuits
- Collaborative Robots / Cobots / Assistive Robotic Devices
- Wearable Sensors / Wearable Technologies
- Human-Machine-Interaction

CONCURRENT EVENTS

Technical Seminar

A platform for new product launches and technical exchange, providing insights into new technologies, practical applications and industry trends.

EHS Forum

Government and industry experts will discuss compliance management, technology-driven safety and other key topics, sharing proven approaches to strengthen safety management and risk prevention.

Safety Fashion Show

A dynamic runway showcasing the functionality and design of protective equipment, highlighting the combination of performance and visual appeal.

Fall Protection Demonstration

Live demonstrations recreate real-world work-at-height scenarios, demonstrating fall protection and rescue procedures. Visitors can observe equipment in action and gain knowledge of key response procedures.

International Business Matchmaking

Connect with qualified international buyers through targeted one-to-one meetings, facilitating business discussions, matching supply and demand, and creating new opportunities in international markets.

* The final event list is subject to on-site information.

PARTICIPATION FEE

Raw Space (Min. 36 sqm)	CNY 2,100 per sqm
Shell Scheme Package	1-Side Open: CNY 1,900 per sqm 2-Side Open: CNY 2,100 per sqm
